 Delete CRF; reason:**Visit Summary**

1. Type of visit:
- Follow-up (M1, M3, M6) End of study
- Interim
- Missed → **Go to item 5.**

2. Visit date: DD/MMM/YYYY

3. Location of study visit:
- Clinic
- Participant home
- Phone visit
- Other, specify:

4. Reason for interim visit: *Check all that apply.*

- Report side effects STI symptoms or treatment
- Complete scheduled procedures Suspected or confirmed pregnancy
- PrEP related Other, specify:
- HIV testing

5. Reason for missed visit: *Check all that apply.*

- Traveling or out of the area Illness or hospitalized
- Refused visit Incarcerated
- Participant withdrew from study: **Complete TERM.** Relocated or moved
- Work or school issues Unable to schedule appointment within allowable window
- Family or personal issues Unable to contact
- Planned absence Participant deceased: **Complete TERM.**
- Transportation issues Other, specify:

INSIGHT

nn-nn-nnnn-n

DD/MMM/YYYY

 Delete CRF; reason:**Demographics**

1. Date of birth:

DD/MMM/YYYY

OR

Age in years:

nn

2. Current relationship status:

- Single/not partnered
- Partnered/not married
- Married (polygamous)
- Married (monogamous)

3. With whom does the participant live? (mark all that apply)

- Parents Friends
- Other family Lives alone
- Partner/husband Other, specify:

4. Highest level of education:

- No schooling Secondary school, not complete
- Primary school, not complete Secondary school, complete
- Primary school, complete Attended post-secondary school

5. Does the participant own a mobile phone?

- Yes No → **If no, go to item 6.**

5a. Is this mobile phone a smartphone?

- Yes No

6. What is the participant's preferred language?

7. Does the participant's partner/husband provide her with financial and/or material support?

- Yes No N/A, no partner

8. Does the participant earn an income of her own?

- Yes No

9. What is the participant's primary job/occupation?

- Unemployed/no job Employment with a steady salary/formal sector (e.g., teaching, office work)
- Student Employment without a steady salary/informal sector (e.g. trader, selling goods)
- Parent caring for own child/housewife Other, specify:
- Household help/child care for others

10. Was this participant enrolled in IMPOWER 22 at this site?

- Yes No

INSIGHT

DD/MMM/YYYY

Delete CRF; reason:

Eligibility

1. Is the participant 18-30 years old (or 16-30 years old where permissible by national and local ethics approval)?

Yes No

2. Is the participant willing to provide independent, written, informed consent or assent for the study?

Yes No → *If no, end of form.*

2a. Date informed consent or assent for the study was marked or signed:

DD/MMM/YYYY

3. If the participant is <18 years old and regulations require guardian consent, is the guardian willing to provide independent, written, informed consent for the study?

Yes No N/A
→ *If no, end of form. If N/A, go to item 4.*

3a. Date informed consent for the study was marked or signed:

DD/MMM/YYYY

4. Is the participant born female?

Yes No

5. Is the participant willing and able to provide adequate locator information?

Yes No

6. Is the participant sexually active (has had vaginal sex within the last 3 months)?

Yes No

7. Is the participant HIV negative based on HIV rapid tests?

Yes No

8. Is the participant interested in the use of PrEP for HIV prevention?

Strongly Agree

Agree

Neutral

Disagree

Strongly Disagree

→ *Participant is ineligible for enrollment.* ←

9. Does the participant meet all eligibility criteria?

Yes No

PrEP Acceptance, Enrollment

PrEP Acceptance

1. Is the participant willing to start PrEP today?

Yes
→ Go to item 1c.

No
→ Go to item 1d.

Currently taking PrEP

1a. If currently taking PrEP, when did participant start taking it?

DD/MMM/YYYY

1b. Has the participant told anyone that they are taking PrEP?

Yes
→ Go to item 1c.

No → If no, end of form.

1c. Is the participant planning on telling anyone they are starting PrEP?

Yes

No → If no, end of form.

1ci. If yes, who?
(mark all that apply)

Mother

Primary sexual partner

Sister

A sexual partner other than primary

Aunt

Close friend

Father

Acquaintance

Other family, specify:

Other, specify:

1d. If no, what are the reasons the participant is not interested in starting PrEP? (mark all that apply)

Size/taste of pills

Partner(s) discouraged it

Burdensome to take the tablet every day

Family discouraged it

People should not take drugs unless they are sick

I do not think I am at risk of HIV

Had or concerned about side effects

I am doing other things to protect against HIV

People might think I have HIV

I do not have a place to store it

My partner will be upset

Believe it may affect my fertility

Friend(s) discouraged it

Other, specify:

1di. Of these reasons, which is the **main** reason the participant is not interested in starting PrEP? (choose only one)

Size/taste of pills

Partner(s) discouraged it

Burdensome to take the tablet every day

Family discouraged it

People should not take drugs unless they are sick

I do not think I am at risk of HIV

Had or concerned about side effects

I am doing other things to protect against HIV

People might think I have HIV

I do not have a place to store it

1e. Has anyone unintentionally seen your PrEP pills/bottles or found out that you are taking PrEP? Yes No → *If no, go to item 2.*

1.e.i. Did that bother you? Yes No

1.e.ii. Did that cause you any problems? Yes No → *If no, go to item 1.e.iii.*

1.e.ii.1. What kind of problems? (mark all that apply)

Anxiety/worry

Emotional abuse

Physical abuse

Other, specify:

Embarrassment

1.e.iii. Did you or someone else get rid of your PrEP pills/bottles? Yes No

2. Taking PrEP can impact people's lives differently. How has taking PrEP impacted your life: (Mark all that apply)

I feel like I'm protecting myself when I use PrEP

I worry that people will judge me or think I'm promiscuous if they find out I'm taking PrEP

I feel freer when I have sex

I worry that I will have to take PrEP forever

I'm less worried about getting HIV

I worry that I will forget to take my PrEP

I feel like I'm taking control by taking PrEP

I worry that I will have trouble getting to the clinic to pick up my PrEP

I worry that someone will find out I'm taking PrEP

I worry about what PrEP is doing to my body

I worry that my partner will be upset if he finds out I'm taking PrEP

I worry PrEP will impact my fertility

None of these ways

3. Sometimes people have trouble taking their PrEP. Have you experienced any of the following barriers to taking PrEP? (Mark all that apply)

Sometimes I forget to take my pills

I don't think I am at risk of getting HIV

Sometimes I don't have money to get to the clinic

I prefer to use other methods of HIV prevention

I don't have a place to store my PrEP

I forget to take my pills with me when I travel

My friend(s) discouraged me from taking PrEP

It's hard to get away from school or work to pick up my pills

My partner(s) discouraged me from taking PrEP

Other, specify:

My family discouraged me from taking PrEP

I don't like the way PrEP makes me feel

I don't have any barriers to taking PrEP

4. Did participant receive counseling on their urine drug level results today? Yes No Testing not done
If no or not done, go to item 5.

Item 4a is an interviewer-administered question and should be read aloud directly as written.

4a. How did you find the counseling about whether you had tenofovir in your urine? (Mark all that apply)

- The positive urine result motivates me to keep taking PrEP
- The negative result did not surprise me
- The negative result helps me think about ways to avoid missing my PrEP doses
- The counselor helped me think about reasons for missing doses and ways to remember to take my PrEP
- The negative result surprised me
- Other, specify:

End of interviewer-administered questions.

5. Did participant accept PrEP today? Yes No
If yes, go to item 6, submit PrEP Dispensation CRF.

5a. If no, what is the main reason the participant did not accept PrEP? (choose only one)

- Size/taste of pills
- Partner(s) discouraged it
- Burdensome to take the tablet every day
- Family discouraged it
- People should not take drugs unless they are sick
- I do not think I am at risk of HIV
- Had or concerned about side effects
- I am doing other things to protect against HIV
- People might think I have HIV
- I do not have a place to store it
- My partner will be upset
- Believe it may affect my fertility
- Friend(s) discouraged it

Social Harms

If a social harm IS related to study participation or triggered by a study procedure or visit, fill out this full e-form. If a social harm is NOT related to study participation or triggered by a study procedure or visit, fill out items 1 and 1a ONLY on this e-form. All social harms should be captured in the chart notes, regardless of relatedness - to capture social harms in the chart notes use and file a paper version of this form. Contact the Study Safety Monitor if you have questions.

1. Was the social harm related to the participant's participation in the study? Yes No

1a. Was detail of the social harm captured in the chart notes? Yes No

2. Describe social harm and how it was related to the study and if it was specifically related to PrEP use:

3. Social harm code:

4. Onset date:

5. Visit code associated with this social harm:

6. Did this involve physical harm to the participant? Yes No

7. Did this involve physical or other harm to the participant's child(ren)? Yes No N/A (no children)

8. What impact did this situation have on the participant's quality of life?
 Minimal disturbance
 Moderate disturbance, no significant impact
 Major disturbance with significant impact

9. Describe what was done by participant and staff to address social harm (from participant chart notes):

10. Record current status:
 Unresolved
 Unresolved at end of study
 Unable to resolve, no further action taken
 Resolved

→ Closure date:

11. Was a referral to support services provided to the participant? Yes No
